### **Conflict of Interest**

Considering Abakkus Asset Manager LLP (**Abakkus**) is acting as Portfolio Manager, Investment Manager and also providing advisory services, a potential conflict of interest

could be perceived between the investments and disinvestments undertaken by the Investment Manager for the schemes/funds of Alternative Investment Fund (**AIF**) and various investment approach(es) under the Portfolio Management Services (**PMS**) and investments and disinvestments advise (**RIA**) provided to investment advisory clients.

The conflicts of interest may arise in relation to the various activities carried out by Abakkus and its affiliate/group entities and their respective directors/partners, officers employees, agents, it's associates/ affiliates/ group companies and their respective directors/officers/employees/agents (collectively, the **Relevant Parties**) which are engaged in broad spectrum of activities in the financial sector.

There could be multiple portfolios/schemes/funds, domiciled globally, under the management of Abakkus Asset Manager LLP as a Portfolio Manager/Investment Manager/Advisor to other funds/approaches and/or any of the Relevant Parties, domiciled globally, thereby presenting possibility of conflict of interest in allocating investment opportunities amongst the various portfolios. Abakkus will endeavour to resolve any such conflicts in a reasonable manner as it deems fit.

The Relevant Party(ies) shall exercise a standard of good faith in their dealings with the various activities and any of its investee entities. Abakkus will be transparent and make disclosures with respect to conflicts of interest situation that Abakkus determines may have arisen (or which seem likely to arise) between the Relevant Parties and the various activities of Abakkus (or any of its investee entities).

Abakkus maintains and operates effective organisational and administrative arrangements with the view of taking all reasonable steps to identify, continuously monitor and manage conflicts of interest. Some of the potential conflicts of interest situations are provided below. It is not intended to provide a comprehensive list of conflicts of interest or account of the processes and procedures which Abakkus adopts in connection with the management of conflicts of interest but is instead intended to be a statement of principles with which Abakkus seeks to manage foreseeable conflicts of interest. Abakkus may identify additional conflicts of interest situations from time to time, which will be managed/mitigated with the help of the principles identified herein and by also taking into account further processes which Abakkus may develop over the period of time. The following are the potential conflicts of interest situations that may arise:

- The Relevant Parties providing services to the investor will have, in addition to their responsibilities for the investor, responsibilities for other companies, projects and clients. Accordingly, they may have conflicts of interests in allocating management time and

other resources amongst the various activities of Abakkus and such other projects and clients.

- Abakkus and/or any of the Relevant Parties can act as manager/advisor to any of the Portfolio Entity/ies, charge fee for the services rendered to them, provide broad range of financial services, from time to time and earn fee in addition to the fee charged to the investor.
- Abakkus, as investment manager of the AIF or as Portfolio Manager or Investment Advisor, may affect transactions in securities and/or provide services to investee entities in respect of which any of its affiliate/group company may benefit from a commission or fee.
- Abakkus and/or any of the Relevant Parties, while managing the funds of investor, may from time-to-time effect transactions in securities in which Abakkus may have a financial or other business interest.
- Abakkus and/or any of the Relevant Parties and/or its advisory clients or managed clients like AIF/FPI may have existing similar or contra positions in the stocks/recommended in the client's account and may execute their trades at different timeline based on their execution strategy which may not match with trade execution in the AIF/PMS/RIA.
- Abakkus may or may not have a similar position as fund/scheme/approach/advise in its other products/services/funds/vehicle where it acts as investment manager/portfolio manager/advisor.
- Certain Relevant Parties may also serve as employees or partner(s) /director(s) of the company within the group. In such situations, the employee or partner is considered to be in a "dual hat" situation, which may result in conflicts of interest due to duties to differing entities.
- The attorneys, accountants, and other professionals, who perform services for Abakkus may, and in some cases do, also perform services for the Relevant Parties.

- **At the level of Abakkus**

There cannot be any assurance that an investment opportunity that comes to the attention of Abakkus will be referred or otherwise made available to the fund/scheme/approach/advise. Investment opportunities identified may be suitable for the fund/scheme/approach/Investment Advise and/or a Relevant Party. Abakkus will endeavour to resolve any such conflicts in a reasonable manner taking into account such factors as it may consider relevant including investment strategy and objectives, investment policy, sector focus, deal size, regulatory and tax considerations, etc. However, there can be no assurance that the fund/approach shall be allocated any particular investment opportunities that are identified.

- **At the level of Abakkus Fund Sponsors LLP (“Sponsor”)**

The Sponsor of the fund may act as sponsor of other funds and will be required to maintain a continuing interest with such funds. Accordingly, they may have conflicts of interests in allocating resources and time for such funds.

- **At the level of the Investor**

The investors, apart from investing in the AIF, PMS and/or RIA, may also invest in the companies where the fund/scheme/approach/advise has also invested or advised to invest at the differential terms than that of the fund/scheme/approach. Such investment of the investors may conflict with the investment of the fund/scheme/approach/advise.

- **At the level of members of various governance bodies**

The members of the Investment Committee or any other board or committee of Abakkus, in addition to their responsibilities for the fund/scheme/approach/advise, will have responsibilities for other funds, projects and clients. Accordingly, allocating management time and other resources among the fund/scheme/approach/advise and such other funds, projects and clients can be a challenge.

- **At the level of the Sponsor and/or Investment Manager group entity, in relation to various schemes managed by the Sponsor and/or Investment Manager**

The Investment Manager, Sponsor, and their affiliates, subject to Applicable Laws, may be involved in a variety of advisory, management and investment-related activities including management of other funds in future. The fund shall not have any rights in or to any cash receipts or profits of the Investment Manager, Sponsor, and any of their affiliates. The Investment Manager, Sponsor and any of their affiliate/group entities may, from time to time, act as investment managers or advisers to other entities, companies, or funds other than the fund. It is therefore possible that the Investment Manager, Sponsor, and their affiliates may in the course of their business have potential conflicts of interest *inter-se* different activities.

- **Investments in Investee Entities in which Relevant Parties have Interests**

Abakkus while acting as the investment manager, portfolio manager or investment advisor of the AIF/PMS/RIA may from time-to-time effect transactions in securities issued by a investee entity that is otherwise a (i) client or (ii) investee company of any of the affiliate/associate/group companies of Abakkus or of the team of Abakkus. It may also effect transactions by the fund/approach in securities in which an affiliate/associate/group company may have a financial or other commercial interest

at any time;

- **Purchase from and sale of investments to Relevant Parties**

Abakkus may purchase investments from or sell investments to Relevant Parties. In such cases, conflicts may arise in determining the price and terms of the sale or purchase as the case may be;

- **Board of Fund Investment**

As part of its investment methodology, Abakkus may require investee entities to grant to the fund/Abakkus a seat on the boards of directors of such investee entities. The seat will be filled by a nominee of Abakkus. As a consequence, such persons will have fiduciary and other duties to the investee entity, which may conflict with the interests of the fund/Abakkus;

- **Conflict in case of warehousing**

The Investment Manager/Sponsor and/or its associates/affiliates may make warehoused investments in Portfolio Entities. The transfer of such warehoused investments to the fund is expected to be at such price as the Investment Manager may decide in accordance with this Memorandum, which may not necessarily reflect an accurate intrinsic value of the warehoused investment.

- **Conflict in case of co-investment**

Co-Investment by the eligible investors alongside the fund is seen as a positive and motivating factor for such investors. However, conflicts of interest can occur if the eligible investor is permitted to invest on a deal-by-deal basis and/or on different terms to those offered to fund. Sometimes, providing a Co-Investment opportunity to the eligible investor might result in dilution of stake of the fund in the investee entity. The eligible investor may employ a person on the advisory board of such investee entity and may involve in decision making along with the Fund.

Conflict of interest would be inherent between the activities of the Portfolio Manager, investee entity/ies and the Relevant Parties. Abakkus has adopted, inter alia, certain policies and procedures intended to protect the interest of all the investors. It is intended for such conflicts to be managed primarily by complying with the applicable laws, acting in good faith to develop equitable resolutions of known conflicts and developing policies to reduce the possibilities of such conflict. The Investment Manager/Portfolio Manager/Adviser shall ensure fair treatment to all its clients in case of conflicts of interest. The protection of the investors' interests is Abakkus's foremost priority. The conflict-of-interest situation may adversely affect the interest of the investors and the investor may lose its capital

contribution due to such conflict of interest. The investor acknowledges the existence of risk arising out of conflict of interest.

The Client shall not be under any obligation to avail the execution, or any other such services offered by Abakkus Smart or Abakkus Investment Advisors, the division of Abakkus or affiliate of Abakkus. All fees and charges, wherever applicable, for such services shall be paid directly to execution service providers and not through the Investment Advisor.
